## Sizing & Measuring

Made in the USA of Domestic and Imported fabrics.

Follow 2 simple steps to ensure your garment fits the way you would like it to fit...

**Step 1.** Select a row of measurements that best represents your size.

If all your measurements do not fall within the same row use the row that represents your largest measurements.

**PLEASE NOTE:** The torso measurement is the most important measurement followed by the chest and hip measurements; the least important is the waist.

**Step 2.** Choose the type of fit you would like...

**SLEEK FIT:**

We consider this our competition fit... it fits like a second skin.

**GROWING ROOM:**

We consider this our workout fit... with a little room for growth.

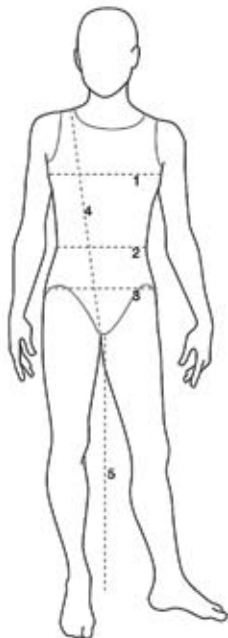

**How to Measure**

- Chest measurement:**  
Taken with a deep breath, arms held out at shoulder height.
- Waist measurement:**  
Taken at the natural waistline.
- Hip measurement:**  
Taken around the fullest part of the buttocks.
- Torso measurement:**  
Taken from the center of the shoulder, down the front, through the crotch, and up back to the starting point.
- Inseam measurement:**  
The length of the leg from the crotch to one inch above the floor.  
Measure in stocking feet.

Girl's/Women's Size Chart in Inches

\* FIT OPTIONS \*

## **IN STOCK APPAREL FOR TEAMS AND PRO SHOPS**

**FORMERLY CALLED TEAM WORKOUT**

This catalog features workout and competitive wear for women and men.

Workout leotards aren't a sideline for us. Gymnastics is the very core of our company. That singular focus has built our reputation for being the world's primary source for the best gymnastics wear on the planet.

Small wonder that GK is the Choice of Champions.
